Offer Corporate sales, firm sales, sales

Major butcher's shop

Meal specialist company is looking for successors.

Company concept: The portfolio includes raw, brewing and cooking sausages as well as regional specialities.

History: The family business was founded in the 1970s.

Special features: In addition to the large catchment area and the resulting customer base, the company benefits from its flexibility and excellent quality.

Customers: The company currently serves approximately 300 high-turnover customers. These are divided into 80% commercial and 20% private customers.

Company figures: The company generated about 8.5 million euros in sales last financial year. Up to and including August , sales of around EUR 5 million were generated. In addition to management, about 65 qualified employees work at the company.

Development potential: By hiring additional professionals or complementing the portfolio, sales can be further increased.
