Would you like to benefit from this exceptional concept?

We have specialised our services in an particularly attractive insider- and niche market with a high capitalised value.

Our company deals with properties out of insolvency, public sales and stock reduction of different banks.

The basis of our capital investments is the deterioration of the English pound and the depreciation on insolvency.

The outcome of this is a gross profit of appr. 22%. Holiday properties are the best investments ever.

They assure due to the fact that these homes are only rent to tourists for only a couple of weeks that the rent is paid. That means that you will not have any trouble with lessees who do not pay the rent for month.

The Costa del Sol respectivley the Costa del Golf has developed to one of the biggest golf-metropolis. When winter season is in Germany and the courses are closed the golfer come to exercise their handicap in the south of Spain. The sunny weather is used by more than 700.000 golfer a year.

A profitable investment company.

The strong basement of this business model consists of our excellent contacts, the acquired know-how as well as the expert knowledge we have.

We know the market and its development furthermore we are familiar with supply and demand.
