## **Organic agriculture piglet production**

On 1600 square to a organic sow stall for 200 sows arise with the extension possibility to 400 sows. The piglets are reared in the existing barn and piglet rearing passed with 25 kg of the Mäster partners that then the animals to slaughter weight fattening.

Every three weeks to 450 pigs at the slaughterhouse Kostivere (20 km east of Tallinn) are slaughtered. From there, the halves then go to Germany by truck to be transported. A purchase agreement with our German partner is present.
