## **Production of phototiles for walls and floor**

As a multinational company with its origin in Germany, we are well-known as a producer of quality phototiles at a fair price. We had tremendous success in the last years and would like to spare our know how with other partners worldwide.

You have the choice to do your start-up with the following components: Production of wall-, floor- and outdoor-tiles with photos, pictures and motifs of your or the customers choice. As a partner you can choose between the following franchise models:

Premium Franchise:

You will get the complete equipment for production of phototiles for walls, floor and outdoor projects. We will also provide the technique to print on metal tiles! Machines and other equipment will be installed! You have the choice to produce tiles between 10x10 cm and 30x30 cm.

All needed material such as tiles and others will be send to you. You only have to realize customers wishes. Advertisement on a worldwide basis will be done by us!

Standard Franchise:

You will get the complete equipment for production of phototiles for walls, floor and outdoor projects. The printing machine will be installed from our team, as you already have sufficient computers with software and equipment. You have the choice to produce tiles between 10x10 cm and 30x30 cm.

All needed material such as tiles and others will be send to you from us. You only have to realize customers wishes. Advertisement on a worldwide basis will be done by us!

All programmes include contracts with a guaranty of a certain time for your region (depends on your choice of the programm). Materials will be send from Germany until the end of the contract. After that period a new contract can be made. Materials for printing tiles are only distributed from our company to make sure that you have best quality with our already tested tiles.

We will also secure your business through a patent in your home country.

Please contact us for more details! Thank you very much.
