Look for Corporate financing, investor **Distributing House**

Good day, I look for an investor in for the establishment distributing house in Germany. Here some acquaintance largely distributing houses in Germany concern textiles over catalogs and parallel over Internet to the customers to be offered and sold, like. Around this project to carry out I need 700TEUR So that I can take up this credit with the banks I need own capital funds from 15% to 20% from 700TEUR which I unfortunately not to apply can. Therefore on these away a Investor/in look for. It is on very high profit to count for this project over 1year searches accomplished and to worked. I would like naturally thus also jobs to create and to humans life perspective offer. Over the exact project and details I will meet only seriously meant prospective customers after a personal one and for discussions a detailed indication will make. Ask only respectable prospective customers. I pay no money in advance and accept no cash of business, only to bank to bank of business.
