Offer Corporate participation, firm participation **Golf sports facilities**

Exclusive licence and cooperation agreement for D / EU / US / Asia
Machines, apparatus, construction of golf sports facilities

Wanted:

Private business partnership (or company partnership), as investor as well as active partner with provable sales and marketing competence in the field of investment goods or plant construction (civil construction of sport arenas), favourably with good international contacts and knowledge of the markets

Company and market

Construction and sales of golf sports facilities (machines and apparatus for indoor and outdoor driving ranges and sport arenas) with international focus on EU, US, Asia, UAE markets and exclusive metropolitan areas.

Key Product

Machines and apparatus for golf driving ranges and sport arenas based on patent applications (D, EU/PCT)

Status

Finishing of prototype construction and first presentation in October 2007 of a complete driving range module with integrated slope generating machine on an important international golf trade fair in Munich.

Purpose

Development and organisation of international oriented sales structures for special machines for golf sport facilities, gymnasiums and arenas.
Acquisition of strategic international partnerships with construction and metalworking companies (construction and product licences for international markets) favourably for Asia, US and European countries.
Ongoing marketing of patent applications.

Investment

for entering into a general partnership and for financing the development of marketing and sales structures.

Participation

Region 42, Germany
Entry in own name
