Offer Corporate sales, firm sales, sales

IT-Company Scientific Chart-Publishing-Software

Our softwareprogram is a highly developed specialized program for presenting different types of data in graphic form. The integrated vector graphics editor allows you to to add objects and captions for illustrations and descriptive texts.

Our program is not only used by graphics professionals but also by scientists and market researchers. Our users include the Federal Statistical Office in Wiesbaden, regional statistical offices, Max-Planck Institutes, Fraunhofer-Gesellschaft applied research institutes, industrial laboratories, universities, market research centers, banks and insurance companies.
