Offer Corporate sales, firm sales, sales **Language School**

Have you ever wanted to be able to speak another language? Perhaps you just had the desire to understand the menu in France or ask for directions in Italy. As we know, multilingualism is a skill which is becoming more and more essential in the business world. The modern world of technology and digital media is making borders disappear, but the barrier of not knowing a foreign language still remains.

To prepare children for this challenge, we offer language camps in English, French and Italian for kids and youth ages 6-14. Also, we offer exciting Theme Camps like Beach Volleyball Camp and Knights & Castles Camp.

The language school, which has flourished since its opening in 2005, is now for sale.
