Regional Journal on Saving energy

Saving Energy is the Subject of our Time, but in order to do so, Citizens need to be informed regionally and in a targeted manner. Only then is it possible to Translate into reality in An optimal Way. That is why a corresponding Journal is currently being implemented. In order to Build up this regional Journal on Energy saving, silent Participation, Sponsorship money Or Mezzanine Capital is sought. Appropriate Promotional Compensation is guaranteed for Sponsorship funds. In case of silent Participation or Mezzanine Capital, we ask for appropriate Offers.
