## Look for Corporate financing, investor **Home services**

For several years now, I have been running two companies in a large city in southern Germany with great success.

One company is concerned with creating high-quality websites as well as hosting websites. With the other company I offer services around house and apartment. I also carry out industrial demon days. Both companies are on an expansion course. The order books of both companies are already well filled by mid-.

I am planning major investments in . So I want to modernize and expand the machine park and also set up a small workshop. To this end, I need debt of up to EUR 500 00.

From now on, I offer investors company investments starting at EUR 100 00. The capital contributed is currently interest-bearing at a minimum of 6.5% per year. Withdrawals are made twice a year.
