

The big business marketplace

Business for sale more than 15 years

ID 10963

Look for Corporate financing, investor

Multi-brand car dealership

We are a young, up-and-coming company in the automotive industry (founded in). Our business areas: trade in new vehicles of several brands, service operation at a high level, wide range of additional products and services. We offer everything from a single source when it comes to the topic of cars. In order to position ourselves even better in the market and to further expand our business, we are looking for an investor who participates in our company with 50-100T€ in order to strengthen the equity base and improve liquidity.
