Bookstores

Bookstore sought to buy established Bookstore (without Acquiring Real Estate, i.e. store rental) in the German-speaking World. The Shop in a good Enough location (does not have to be 1a) preferably in a City > 100,000 should not be too large, but also not too small. Since I am not from the Industry, a (short) training on the Part of the Seller must be guaranteed. A purchase without a Broker Would be Desirable, but this is not a Condition.

If You are looking for a Successor for Your Bookstore, I would ask for an address with a short Description of the circumstances in Key Points: Location, Area, Assortment, Staff, age of the Facility & COMPUTER, desired Purchase Price.
