## Look for Corporate financing, investor **Restaurant**

I am looking for someone who has interest in my Conceptual Ideas in Gastronomy.  
It should be implemented in the Area-Braunschweig .  
I myself have been working in Gastronomy for 12 Years and have a Restaurant last Year.  
So I can convince with Experience in this Area as well.  
Success for the Konzeot is Guaranteed by partially implementeing it in its own Restaurant.  
Unfortunately, the Kitchen and Guest Room is too small.
