## Look for Corporate financing, investor **Restaurant / Club / Lounge**

Dear Reader.

For my vision of a unique gastronomy concept within 150km of the above stated location I am looking for an investor in the form of a loan over 250,000 euros over 10 years.

I do not wish to describe the concept in public and would like to explain it personally if you are interested.

It is in general a mixed concept of restaurant - lounge club and would be a unique selling point within a radius of 150km.

Why is it such a unique selling point?

Unique cuisine with innovative and media-effective cooking technology.

I look forward to receiving feedback and potential interested parties.

### Capital

Region 49, Germany
