## Offer Liquidation, Operating dissolution **Retail Small Price Items**

We have about 100 Meters of gondola shelves and about 160 Meters Wall shelves for sale from the Tego metal system. The Reason is that we have greatly reduced our Sales space.

The Carrier Rods are dark brown, the Shelf floors are saharagelb.

The System is totally flexible and does not have to be practiced anywhere. Great for 1 euro stores, Warehouse sales, drugstore or Supermarket items ...

The location of the Shelves Is city Centre, of course we would like to sell completely, but we also go in smaller Quantities. Ideal for Start-ups.

Shop counter, Cash register, etc. may also be taken over.
