Look for Corporate follow-up, firm follow-up, follow-up **Manufacturing, Crafts, Service Services**

For almost 20 Years Now, I have been looking for a small Company in Manufacturing, Crafts, services, etc., As Part of a succession plan, which enables me to Develop my Experience and Skills on the One hand to Continue the company, but also to continue my business. On the other hand, to make an independent and dignified Way of Subsistence. After the inglorious End to a life project prepared for many Years and also realized, for whose Failure not only own Mistakes and Blue-eyed, but also Intrigue, Power Wrangling and "Irregularities" in Banks and Partners, I am looking for In this Way, an Opportunity to Realign, as credit and Time are now lacking to Build your own new Company.
