Look for Corporate financing, investor

## **Non-operative body aesthetics**

We are a young company for non-operative body aesthetics and have been active on the market since May . We offer permanent hair removal, tattoo removal, fat reduction/cellulite reduction by ultrasound. The combination of the services offered to achieve the desired body is particularly promising and unique.

For further expansion, we are looking for investors who want to invest in the booming beauty market. In , the brand will be launched as a franchise.
