## **Regional Online Marketplaces**

Our Goal is to Build regional Online – Marketplaces. In these Marketplaces, regional Customers buy Goods and Services online from regional Retail and Service providers. Power Shopping based on an attractive Pricing System is the Concept. Fee Income from this Form Of trading, accompanied by Income from online forms of advertising, is the Merit.

You have Experience in Dealing with the Marketing Tools of E-Commerce and with the Advertising design on the Internet. You have the Competence to build And maintain customer Relationships. Commercial Thinking and Acting is one of Your Strengths. We offer You the Entry Into Self-employment or the Addition to Your existing regional Online portal. Take over and operate a regional Online Marketplace with an independent brand presence.
