Psychology

Practice for Life Counseling, Hypnosis and success psychology Because of Emigration, I am looking for a motivated successor who acquires the following Concept in the booming German Health Market: The Main Business is the Cessation of smoking, Can be enforced throughout Germany (also as a Franchise project). It also offers treatment for Anxiety, Weight problems, mental Blockages, sleep and Speech disorders in individual And Intensive Sessions. The Concept is based on three Pillars: 1st Individual Sessions and Seminar2. Health Travel3. Further Training for Doctors, Naturopaths and alles components are 3 Domains that are tailored to the three Business Pillars. A Domain has already been provided with extensive Content, the Contents of which can be practiced anywhere in Germany and modified according to The Inclinations and Knowledge of the future Owner.
