

# The big business marketplace

Business for sale more than 15 years

---

ID 13134

Offer Corporate sales, firm sales, sales

## **Private recruitment / employment services**

We have been on the market since 1994 and we have a well-established agency. Our core business is the placement in permanent positions of specialists and executives in industrial, technical and commercial professions. In addition, we offer various accompanying services. We live on a large pool of interests, as well as from our company contacts, which have been established and maintained for years. The agency is managed by 1 1/2 employees. An industry launch as well as the initiation of contacts with our customers is guaranteed. An ideal opportunity for start-ups who enjoy dealing with people and want to get involved in an interesting growth market.
