Paint shop GRP production

I would like to sell my company share, a third of a paint shop (car body construction, Gfk production, tuning conversion/production/sale).

The sale includes one third as there are a total of three business partners.

The building covers about 2000sqm.

Divided into exhibition/sales room, office space, paint shop, Gfk production, model construction/body construction, employee living room, toilets, warehouse.

A large courtyard entrance with many parking spaces is available ebanfalls.

The workshop was completely renovated a year ago and brought up to date.

Since pictures and billances say more than words, I can give you additional information if you are interested.
