Offer Liquidation, Operating dissolution

## **Rastal-stone**

Extensive equipment for the production of beautiful and durable driveways, paths, patios and other products. The mesh is pressed into colored concrete a fresh pattern. It is a relatively new procedure in Germany. Abroad, it is widespread and very popular. Just search in Google even then there are certainly some sites that give information about the production. e.g. creative-impressions. Under rastal much on German-stone is found. Other keywords are creative concrete, concrete pressure concrete, design. If desired, during the incorporation in the first areas that are created are also helped.

### [Liquidation](#)

Region 97, Germany

Entry in own name
