## Look for Corporate financing, investor **Re-Grouting**

After a short time the tile joints contamination.  
The color change (red-black)  
They begin to mold to.

Joints wash to clean off (Daily, possibly to strong detergents)  
It cracks form and they break out.  
The silicone joint rupture.

We have the solution  
Without noise, no dust, smell  
we make the grout new  
Bathroom, kitchen etc.

I am looking for cooperation partners,ber

lets make Groutdoctors ...
