Offer Corporate participation, firm participation

Commercial warehousing / logistics

You want to open a shop or are already doing a nice business? So I am happy to offer you the following service.

I own warehouses and offices. The offices can also serve as warehouses and can be converted accordingly. Since the corresponding rentals of the respective rooms are very expensive and expensive, as well as carry high rental deposits with you, I offer this as my participation. You will not incur any rental costs, you can divide into the respective additional costs.

As a freelancer, I would like to offer you my labour force in this context. Any non-wage labour costs would continue to be eliminated for you as a company.

Optimal connections to road & rail networks are provided.

I would like to thank you for your interest and trust.
