Search four business partners for the creation of a multinational industrial company to form a management be actively involved in the start-up, participate in the project and develop to provide the financing.

That it is the business model for a large project, it is necessary to establish as a first, a closed fund and thus to constitute its own for several portfolio companies meet.

Interesierte participation should have as higher education, or to make investment companies provide competent management.

The project is with social and environmental components pronounced (renewable energy from sustainable raw materials), so this is very interesting for EU funding programs, offers a very high growth potential and promise above-average returns.

If interested, I would like to present the business plan where everything you can.

Please only serious inquiries!
