## Offer Corporate sales, firm sales, sales **Electrical Trades Company**

The company was founded in 1991, and includes all electrical installation work for new installations as well as building renovations and modernizations.

There are long-standing relationships with Auftraggebern with which we implement larger projects (industry).

We are mainly in the Baden Wurttemberg and Hesse worked.

The annual turnover is 500,000-600,000, - € and is of course still expandable.

If necessary, the thereby leased commercial property with a large storage facility, garages and a large, modern apartment can also be purchased.

The owner is willing to fully incorporate the purchaser during the transition period and to the customer contacts.
