Fashion label

Very profitable textile label with original design and high "Recall value": retail sale based on e-commerce, stable cooperation with wholesale suppliers and a medium term planned Flagship–Store in top city location. Innovative printing designs with individual applications achieve a high demand, the products are delivered in Germany to more than 200 retailers, some of them very well-known. The company operates profitably since its foundation in . International business, which for capacity reasons is still not fully exploited and also online-trade offer a high potential for further development. The clear brand concept, as well as good internet presence and the future, sustainable development and experience from the planned flagship store create good conditions for the creation of a franchise system. Price: 1,7 m EUR
