Ladies and Gentlemen, this Way you are looking for an active online shop for Takeover. The Shop should already generate Revenue. The Industry or articles on offer do not play a Role in this. If You Would like to sell your online shop now, or later, we may ask You for the first Information.

Also relatively new Ideas that are abandoned due to lack of Time Are interesting to us. A Post-sale stake is conceivable.

Dropshipping is one of the more interesting Variations because Warehousing is very limited.

We are also looking For Stakes in ongoing Ideas or Projects.
