The Sole Proprietorship, founded in 1996, started the Development and Production of CD-ROM/DVD projects specifically in the Field of Image and Catalogue and later expanded them to include the Internet sector. This includes the Design and Development of Internet Presentations of different Technologies, hosting them and the Change Service.

A consistent Customer Base, usually loyal to the Coany for 5, 10 Years or more, is the Basis for a safe, calculable Base. Active Marketing, E.g. by Hanovermesse and Motek, led to a special, active Database, which enables a significant increase in Sales.

The Successor, including a Start-up, could continue to run the Coany alone or with 1 or 2 Eloyees.

The Purchase Price can pay for itself within a few Years only through fixed Income (Hosting).
