Look for Corporate financing, investor **Portal**

Short Exposé The business idea The Business Idea is to establish a new swingers portal for Germany, which does not yet exist in this Form. It is characterized by special Usernity, so there is a novel Security concept for Couples that Excludes harassment by unwanted Members. This Function does not exist in The Case of competing Portals. The Authenticity of all Members should also be an important Quality Feature Of the Portal and is therefore checked.

In Addition, the Portal also combines Aspects of a social media platform. This can be seen, for example, through a Chat Function. This makes it much easier and faster for members to connect and communicate with each other. Videos can also be embedded. This means that Members spend more Time on the Portal and thus also use more paid Features.

This is not a pure dating portal.
