Look for Corporate financing, investor **Call Center**

Is sought for the re-establishment of a call center in the Canary Islands, a partner and / or investor.

The plan is a call center with 20 workstations, which are occupied in the two-layer system, each 5.5 hours. All necessary preparations for the operation have already been taken. As already sales partnerships have been established with some companies already prepared and on the part of the art everything and ready for a start time acquisitions.

The need for investment on your part amounts to € 20,000 and can either remain as a permanent deposit with the corresponding dividend in the company, or is returned from three months in six equal installments a € 4,000, which represents a capital gain of € 4,000 / 6 months.

Alternatively, a second Managers are used, which in addition to his salary then the company has a 50% and this carries.

Gran Canaria is the site chosen for economic reasons, that the Canary Islands are considered tax-EU countries and there are different models of tax breaks and subsidies.

Due to the order situation here is a quick solution is sought, since a massive expansion of the distribution agreement with a customer is in the room.

If serious interest in a timely implementation of the activity to be present, I would send more information to you by.
