

The big business marketplace

Business for sale more than 15 years

ID 17150

Look for Corporate participation, firm participation

Virtual Reality

We are the Operator of the largest European Virtual reality network based on OpenSimulator (similar to Second Life). We immediately offer Investors the Opportunity to participate with a Deposit in the further Expansion of the Network and in New Projects for industry and education. It is an absolute Future market With above-average Returns.

New Projects include the Integration of Goolge glasses and the further Expansion of the "YUNIS-3D" educational network.
