Our Platform for Oline-trading with Tires is a Special Programming and has nothing to do with a normal Shop system.

The Platform allows to be the cheapest Provider on the Market.

The Domains and Name are protected under trademark law.

It sells not only the Platform, but also the associated Domains with which you can further expand the Platform. So do all the Know-How and all Ideas for further Expansion stages.

To date, around €10,000 has been invested in the Programming and Implementation of the entire Project.

Due to the Lack Of time, we relate the Project and offer that the Successor will be incorporated into the Topic accordingly.
