Apartment construction

I was bequeathed a number of building plots in Croatia/Dalmatia through a heritage. The village of Drage, with 2,000 inhabitants and 2 tourist beaches, is very suitable for family holidays and adventure trips to the surrounding area. The plots are 1-2 minutes away from the sea by car.

I do not like a senseless divestiture, it is sought for a longer-term use by building it by means of an apartment house with 4-6 units. The location is conveniently located between a freshwater lake (Vransko Jezero) with a nature park and the Adriatic Sea in front of the door. Shopping, as well as a well-developed infrastructure are available.

Zadar Airport is 35 km away.
