## **Outpatient Care Service with Expansion potential**

For business Reasons, a young Care Service for People with Disabilities is offered here. At Present, 13 Customers are supplied with a monthly Turnover volume of approximately 16,000 Euros. The Average Shot per Year is about 10,000 euros.

Two more Recordings (with already available Permits) are planned, which together generate a Turnover of approximately 32,000 euros per Month. This Planning can result in an annual Overlap of around 150,000 Euros.

The local Customer Base is solid. Due to the Overall Concept, there is potential For further Construction.

The Staff incl. PDL, stv. PDL and Administration can be taken over. The Concept of Caring for young People with Disabilities, as well as cooperation and Contacts, Can also be used.
