Writing goods Lotto Post

I'm looking for a successor to my business. The shop is on a busy road. Heavily frequented shops and various companies are neighbors, or in the immediate vicinity.

Toll-free parking is available right outside the door.

A bank-machine of the savings bank right next to the entrance door is another frequency bringer.

The range ranges from congratulatory cards, tobacco products, seasonal items, gift wraps, small helpers for the desk, school supplies, creative paper items to branded items and gift balloons.

The offer is supplemented by a Lotto Tokyo acceptance point as well as a post-partner branch with parcel edition.

On request, a qualified training of the successor will take place.
