## **Theme Park**

We are looking to build a theme park in the area of € an interested partner / investor / private investor. This is a business idea with company formation of a Spanish SL (GmbH). The aim is to build an amusement park in the region of . Basically here is a major attraction area for professional stunt shows with pyrotechnics base. In various shows clenched action scenes to be replayed and moderated by a sound technician. By contrast, other systems will be open year round due to the southern Spanish climate the park so as to reach a broad audience "of all ages". In addition, visitors will be supplied during the approximately 60-minute show with food stalls and drinks. A planned 4D cinema for intergalactic flights in 4D round off the exciting experience for all visitor groups. Planned spectator capacity ca 300 to 400 per show, and some 30 people in about 15 minutes per flight in the 4D cinema. Unique leisure offer in the region with interesting ways to expand.
