Sun studio

In an atactive location of a small East Westphalian town is the sun studio, about 120 sqm in the EC, which is modern and tastefully equipped and has 8 cabins with different strong equipment. There are plenty of private parking spaces. The studio with an excellent reputation and a fixed customer base has existed for 30 years. Of course, it is equipped in accordance with the legal requirements of the UV Protection Regulation.

A fingernail studio cannot be integrated because there is already a cosmetic studio in the house that offers this service.
