

The big business marketplace

Business for sale more than 15 years

ID 19229

Look for Corporate participation, firm participation

Print Media, online business

Ingenious Concepts are scarce, but this is indeed one that benefits everyone Involved. The Idea came out of a completely different Idea, because I originally wanted to find an Alternative to the online delivery services (Delivery Restaurants). The Result is a Business Model that can be scaled up as desired And that immediately found its Place on the Market (i.e.: Paying customers) in the Testing Phase. At Its core, it's about both online and Print Business. Ideally, there is an Investor who wants to participate in Sales, Pre-press or Software development and Who is based in the Ruhr Area (workplace with Periphery available). But even if You don't want to contribute yourself, the Business Model will excite you as an Investor.

Since the first Successes have already begun, I would very much like to find a Interested Party, to whom the Chemistry is also right.
