Camper

Due to a professional Reorientation, I am looking For partners or Buyers for a web Project that has already been planned for the long term.

Under this address, a Sharing platform for Campervans and Caravans is to be created, which allows users to search for And offer Rental Vehicles.

There are already similar platforms that are enjoying a growing Popularity and generate enormous Sales.

Due to the generic Domain name and the brand-registered Logo, nothing stands in The way Of the Success of this Platform if implemented accordingly.

I would very much like to transfer the Rights to a Prospective customer who can use them for his own Purposes in exchange a participation.

Interesting For StartUp investors or well-known Motorhome Rental Companies.

Please please offer By email.
