Look for Corporate co-operation, firm cooperation

Eroticism/Bdsms video production

In order to realize a project in the area of BDSM video production/possibly online platform, competent cooperation sparters/participants are still being sought.

Material and money capital as well as ideas are sufficiently available-so more of a form of cooperation/joint participation with the appropriate know-how or the acquisition of a stake in a pre-existing company in this sector would be more in demand.
