Offer Corporate sales, firm sales, sales **Refrigeration and air conditioning**

On behalf of our customer, we are looking for a suitable buyer for a long-standing existing craft and trading company in the area of refrigeration and air-conditioning technology for catering as part of the company succession.

The company's main focus is on the planning, design and construction of ventilation and cooling systems, large kitchen equipment, tapping and bar counters, as well as the distribution of the complete range of catering and kitchen appliances as well as coffee machines.

In addition to the catering sector, the sale and construction of ventilation systems in the company area as well as state facilities were expanded strongly.

The company was established in 1978 and has been managed by the owner since then. Currently, 14 qualified employees are employed.

The owner was able to install a reliable "second" management level (technician, master, commercial area), which the company can independently manage and carry forward.

Over the last few years, the company has achieved steady sales and continuous profits, and has a long-standing and broadly diversified customer network in the vicinity of 50 km around the company and partly throughout Austria.

The company owner is ready to work extensively on his successor.

The very attractive office area with office and exhibition space (555 sqm) as well as warehouse (500 sqm on two floors + 100 sqm covered space) and workshop (165 sqm) are for sale. Optionally, another hall can be purchased from the company owner with 245 square meters of floor space.

The extensive stock of goods and spare parts is included in the sales price.
