Offer Corporate co-operation, firm cooperation

Watch purchase

Cooperation partner with equity and time sought.

I have sufficient knowledge in Swiss watch brands. I can partially repair and revision the movements like von Breitling, Rolex, Omega etc. I also have the necessary tools to polish and process the clocks.

Find someone who has interest, imagination and sufficient equity to open a watch shop in Cologne and gradually invest in the watches. Someone in the watch industry would be favourite.

I'm in my early 30s and open to good ideas in this industry
