## **E-commerce Online shop for Dog Accessories**

Due to professional Reorientation, I sell my Online Shop for Pet Supplies (Clothes, Accessories, Etc. for small Dogs).

The Shop is bilingual German-French. However, Due to the Structure of the Company, sales are currently only made to France, Belgium, Luxembourg and Switzerland. As one of the first Special Shops for Chihuahua & Co in France (Opening in 0setback ), the Shop is superbly placed in the Search Engines and has a large Customer Base. The Offer is ideal for Operators of German online shops for Pet supplies who want to expand into France, or as a supplement to a Store, ideally close to The border With France.

French Language Skills are essential, as 99% of Sales to France are made.

The Shop is also suitable for Beginners, as all Processes are clear and largely automated. Programming skills are not required.
