Discantiy, small cosmetics studio in loving hands.

Ten years ago, I opened the cosmetics studio and made my vision of effective cosmetic treatments come true in a cosy atmosphere.

The growing success of the studio is not only due to my passion to do something good for the customer, but also the use of high-quality cosmetic products, as well as continuous training and very well-trained staff.

In the meantime, Studio 2 employs full-time and 1 part-time staff and serves a large permanent customer base.

The cosmetics studio is sold only as a complete package, including furnishings, products, homepage, checkout system, two fully equipped treatment rooms, as well as a manicure area and a customer file of over 500 customers.

Short facts: 49m2, 3 rooms, kitchen, bathroom, terrace; Cheap rent; Good location in Barmbek South/Uhlenhorst; to surrender ab/to
