

The big business marketplace

Business for sale more than 15 years

ID 20126

Offer Corporate co-operation, firm cooperation

IT System House

To set up an IT system house with a focus:-Network infrastructure

- IT security
 - Safety technology
 - PC service and maintenance
 - server service
 - VPN concepts
 - Leasing concepts
- Etc.

I am looking for an experienced partner with knowledge in these areas or sub-areas. I myself am a trained computer technician and am in the process of training in IT security. I have had an advertising agency for over 14 years and am very well connected by companies. A lot of the acquisition activity can be taken over by me. In the event of serious interest, I look forward to getting in touch.

Co-operation

Region 56, Germany

Entry in own name
