

The big business marketplace

Business for sale more than 15 years

ID 20187

Offer Corporate co-operation, firm cooperation

Health

Are you interested in health and wellbeing?

Our products cover the field of protection against electrosmog and cellular radiation. We offer a development (electromagnetic fields) for the medical treatment, too. The products are basing on long - term research in the field of quantum physics.

Your advantage:

- real low capital requirement for initial equipment
- successful products
- interesting and demanded products
- independent work with very good merits

All you need more is your motivation and activity!

[Co-operation](#)
