## **Mechanical engineering**

The object of the business is the production of a machine for the leisure and entertainment sector. This is mainly done by technically simple assembly work and has proven its worth for more than 20 years. The distribution takes place to long-standing customers and new customers at home and abroad. The profit of the last 5 years averages €76,800 for a 2-day working week. Sales and profits can be significantly increased by an active entrepreneur. The takeover requires €220,000.
