Ceramic painting studio

Ceramic painting is becoming increasingly popular.

The leisure activities are carried out by customers from all ages, mainly women and children.

Our service includes the sale of raw ceramics, beverages and gift items, the provision of materials, the deriving of the design of raw ceramics and the further processing of painted ceramics (glazing and burning).

There are regular events, such as children's birthdays or women's regular tables in our premises.

The store is about 100 sqm in size and can be handled by one person in normal operation.
