Look for Corporate follow-up, firm follow-up, follow-up

Sanitary heating

I am 32 years old and have owned the Master Letter since . In order to gain experience in the field of management, I am looking for a SHK company in which I can initially acquire shares (% depending on the agreement). I would like to take over the company at a later date. It would be desirable if the company had 5-10 employees and an existing customer base. Further training such as VDI 6022, VDI 6032, hazard analyses and sampling certificate are available.
